

VOLUNTEER

NEWSLETTER - DECEMBER 2023

THANK YOU

Thank you for all your support through 2023.

We're so lucky to have the opportunity to go into school and run fun, education and impactful events, or organise events for schools to attend.

Your support to deliver these events helps to contextualise them, align them to with real industry applications, provides young people with role models and helps increase confidence.

We really appreciate your support and look forward to continuing to work with you in 2024!

To find out more about the work we do and how you and your organisation can get involved please contact Jane.Sheridan@SATRO.org.uk

A very happy Christmas and New Year, from
the team at SATRO

Ashley Rees Girls into STEM	16th May 2024	Fluor, Farnborough	Seeking volunteers to inspire Year 9 and 10 girls in STEM careers. Bring a short hands-on activity that demonstrates a STEM job or industry to engage and inspire students and then take part in a careers speed networking event.

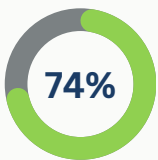

SATRO CONSTRUCTIONFEST

THE IMPACT

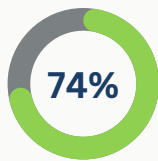

FACTS & FIGURES

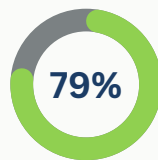

- 15 schools
- 145 students
- 68 volunteers
- 11 company stands
- 3 pathway workshops
- 11 careers speed networking tables

74% of students agreed they are more aware of how to gain employment within the construction industry

74% of students agreed that Constructionfest introduced them to careers they didn't know about.

79% of students met someone, or took part in activity, that changed their attitude to construction careers.

100% of teachers felt this event was helpful in supporting their students' knowledge of pathways into the construction industry.

"They were all beneficial [the activities] as they provided info about the different roles and pathways in the industry in a fun and engaging way." **Teacher, Furze Platt Senior School.**

[The bit I enjoyed most] Discussing with people who had very varied experience from vastly different work sectors **Student, Heathermount School.**
