

Problem Solving Challenge 2024

Teams of 6 students from Key Stage groups 3, 4 and 5 compete at one of five heats to qualify for the final. The teams are set a problem to solve, using only the materials available, within a fixed time. The qualifying teams are the winners from each Key Stage from each heat plus the next best five teams overall.

DEVELOPING SKILLS

Using the SkillsBuilder framework, students are able to develop their skills; this challenge focuses on teamwork, problem solving, creativity, staying positive and aiming high whilst embedding employability skills.

There are five regional heats. Schools can enter one team from each key stage. Every challenge runs from 4.15pm until 6.30pm
